Warrant for Town Meeting

JANUARY 12, 1911

COMMONWEALTH OF MASSACHUSETTS

NORFOLK, SS.

To George Twigg, a constable of the town of Needham,
in said county,

GREETING :

GREETING :

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the town of Needham, qualified to vote in elections and in town affairs, to meet at the town hall in said town on Thursday, the twelfth day of January next, at eight o'clock in the afternoon, then and there to act upon the following articles, viz :

ARTICLE 1. To appropriate and raise, by borrowing or otherwise, such sums of money as may be necessary to cover any deficiencies that may appear in the appropriation for the fiscal year ending December the thirty-first, nineteen hundred and ten.

ARTICLE 2. To see what action the town will take in regard to unexpended balances.

ARTICLE 3. To appropriate and raise by borrowing or otherwise such sums of money as may be necessary to carry on the several departments of the town for the

remainder of the municipal year ending March sixth, nineteen hundred and eleven.

ARTICLE 4. To hear and act on the reports of town officers and committees.

ARTICLE 5. To appropriate and raise, by borrowing or otherwise, such sums of money as may be necessary for all or any of the purposes mentioned in the foregoing articles, and especially to act upon all appropriations asked for or proposed by the selectmen, or by any town officers or committees.

ARTICLE 6. To see if the town will vote to authorize the treasurer, with the approval of the selectmen, to borrow such sums of money as may be necessary to carry out the above votes under this warrant.

And you are directed to serve this warrant by posting attested copies thereof in not less than twenty public places in said town at least seven days before the time of said meeting; and also to leave a copy at each of the several dwelling-houses within the town.

Hereof fail not and make due return of this warrant with your doings thereon unto our town clerk on or before said day and hour.

Given under our hands at Needham aforesaid this twenty-first day of December, A. D. nineteen hundred and ten.

JOHN A. TILTON,
WILLIAM A. PROBERT,
HENRY T. CHILDS,

Selectmen of Needham.

OFFICER'S RETURN

NORFOLK, SS.

NEEDHAM, Feb. 23, 1911.

By virtue of this warrant, have this day notified and warned the inhabitants of the town of Needham, to meet as within directed, by posting true and attested copies of this warrant in not less than twenty public places in said town seven days at least before the time of holding said meeting.

GEORGE TWIGG,

Constable of Needham.

A true copy of warrant and officer's return.

Attest :

THOMAS SUTTON,

Town Clerk.

Record of the Annual Town Meeting

MARCH 6, 1911.

Pursuant to the foregoing warrant a meeting of the inhabitants of the town of Needham, qualified to vote in elections and in town affairs, was held in the town hall in said town, on Monday, March 6, A. D. 1911, at six o'clock in the forenoon.

The meeting was called to order by the moderator.

Voted to omit reading the warrant.

The town clerk read the return of the officer who notified and warned the inhabitants.

ARTICLE 2. Voted to proceed to ballot for the following town officers, viz: One moderator for one year, one town clerk for one year, three selectmen for one year, three overseers of the poor for one year, one assessor for three years, one town treasurer for one year, one collector of taxes for one year, one auditor for one year, two constables for one year, one member of the school committee for two years; one member of the school committee for three years; one water commissioner for three years, two trustees of the public library for three years, one park commissioner for three years, one tree warden for one year, three members of the finance committee for three years, and upon the

same ballot to vote "yes" or "no" upon the question: Shall licenses be granted for the sale of intoxicating liquors in this town?

Pursuant to sections 209—211 of chapter 560 of the acts of 1907, the selectmen having appointed Luke W. Keith and Evan C. Thorpe as ballot clerks and William A. Parks and Harold D. Mackenzie as tellers, they were sworn to the faithful discharge of their duties by the moderator.

The ballots prepared for use at this election by the town clerk were then delivered by him to the presiding officer and his receipt taken therefor.

Cards of instruction and specimen ballots were then posted as required by section 248 of chapter 560 of the acts of 1907.

The ballot box furnished by the commonwealth for use at elections was publicly opened by the moderator and shown to be empty. The box was then locked and the key delivered to George Twigg, the officer in attendance.

The polls were opened at six o'clock in the forenoon, and were kept open until thirty-nine minutes past five o'clock in the afternoon, when, as the meeting had previously voted, they were closed.

Voted to defer action on all articles except article two for the election of officers, until thirty minutes past seven o'clock in the afternoon.

Additional tellers were appointed by the moderator and sworn by him, viz: Alfred Parker, Clyde E. Cookson; S. Frank Quinlan; Francis J. Stanwood; Harley E. Crisp; William F. Casey; William F. Brown; Dana L. Southworth; John W. Coppinger; James B. Lester; Rodney S. Adams and Wallace G. Rae.

At one o'clock in the afternoon the ballot box was opened by order of the moderator and town clerk, and six hundred ballots cast by men voters were taken therefrom, and again at four o'clock, one hundred ballots were taken therefrom.

As the ballots were taken from the box they were audibly counted by the moderator, the whole number being 1,008.

The whole number cast by men voters was 829. The whole number cast by women was 179. The two check lists used for men each showed 829 names checked thereon, and the two check lists used for women voters each showed 179 names checked thereon.

A canvass of all the votes given in was made as required by law, the blanks furnished by the secretary of the commonwealth being used.

|| ARTICLE 12. That the town purchase a site and build a school house off Highland avenue as recommended by the school committee and spend for the same a sum not exceeding \$12,000.

The above recommendations are an increase of about \$5,000 over appropriations and fixed charges of 1910 exclusive of the state and county tax, etc., but we are assured by the assessors that there probably will be an increase in taxable property that will offset any probable increase in the tax rate, (owing to these increased recommendations over 1910 appropriations), so that in our opinion the tax rate would not be materially increased were the above recommendations adopted.

NOTE.—Our fixed charges, exclusive of state, metropolitan, and county taxes, are practically the same as those of 1910.

JOHN E. BUCKLEY,
CHAS. E. BOURNE,
WM. GORSE,
HOWARD A. CROSSMAN,
WM. H. CARTER,
WALTER F. SNOW, Secretary.

ARTICLE 7. Voted, that all poll and personal property taxes shall be payable on demand, and all other taxes on or before the first day of October. Interest at the rate of one-half of one per cent. a month shall be charged on all taxes not paid on or before the first day of November. The collector shall use the means provided by law for the collection of all taxes remaining unpaid after the first day of December.

(The above paragraph shall be printed on the tax bills.)

The collector of taxes shall have the same power which the treasurer would have when acting as collector.

That the collector receive his compensation pro rata upon the collection of each fourth part of the full amount of the warrant.

If, in the judgment of the collector, in consequence of removal, or any other circumstance, any tax should be collected before the first of October, he is fully authorized

to serve his warrant in the collection of such tax at any time. The collector shall guarantee the full amount of all taxes legally assessed and committed to him for collection and shall be held to pay the town treasurer the same, with any interest that may accrue thereon (except such sums as may be abated by the assessors); he shall pay the said taxes and interest from time to time, as he collects the same, and shall pay the full amount of all taxes committed to him, with the accrued interest, on or before the first day of April, 1912. The compensation of the collector shall be one per cent. on all taxes and interest collected by him and paid to the treasurer.

ARTICLE 8. Voted that the town accept the Soldier's burial lot in the Needham cemetery as a gift.

ARTICLE 9. Voted that the town accept the lot of land on Webster, Hunnewell and West streets, Needham Heights, to be known as the Sarah Bessie Thorpe Memorial Park, and to be called the Thorpe Memorial Park, according to the terms and upon the conditions named in the letter as read dated Feb. 11, 1911, from Joseph B. Thorpe, Esq., and the selectmen as agents of the town are hereby authorized to accept such a conveyance.

It was unanimously voted that we hereby express our appreciation to Mr. Thorpe for his generous gift, and our sympathy for him and his family in the event that called for the memorial.

ARTICLE 10. Voted that the sum of two thousand dollars (\$2,000) be appropriated for the proper observance of the two hundredth anniversary of the incorporation of the town.

ARTICLE 11. Voted that a committee of five be appointed by the moderator to look into the matter of erecting a new central fire station and report at the next annual

town meeting. The moderator appointed H. Howard Upham, Allston R. Bowers, Frank W. Gorse, Preston Mitchell and Alfred Parker.

ARTICLE 12. Motion under this article not carried.

ARTICLE 13. No action taken.

ARTICLE 14. Voted that the relocation and widening of Hunnewell street, from Central avenue, to the Wellesley town line be accepted as laid out by the selectmen.

ARTICLE 15. Voted that Manning street from Powers street to Great Plain avenue be accepted as laid out by the selectmen, under Chapter 50 of the Revised Laws and amendments thereto.

ARTICLE 16. Voted that the sum of twelve hundred dollars (\$1,200) be appropriated for the construction of Manning street.

ARTICLE 17. Voted that Bradford street be accepted as laid out by the selectmen under Chapter 50 of the Revised Laws and amendments thereto.

ARTICLE 18. Voted that the sum of eighteen hundred dollars (\$1,800) be appropriated for the construction of Bradford street.

ARTICLE 19. Voted that Fair Oaks Park from May street to Great Plain avenue be accepted as laid out by the selectmen under Chapter 50 of the Revised Laws and amendments thereto.

ARTICLE 20. Voted that the sum of nine hundred and fifty dollars (\$950) be appropriated for the construction of the west side of Fair Oaks Park.

ARTICLE 21. Voted that the town sell the land on Kingsbury street and known as the "Ireland Pit" for the sum of six hundred dollars. That the town reserve the

building thereon with the privilege of removing the same at any time, prior to January 1, 1913. That the town treasurer be and hereby is authorized to sign, seal, execute and deliver a deed conveying said property upon payment of the above stated sum.

Voted that the selectmen cause the valuation list and the financial and other reports of town officers and committees to be printed and distributed as soon as possible after the first day of January, 1912, and that the town clerk cause to be printed official copies of the proceedings of this meeting, one of which he shall send to each officer of the town within two weeks after the final adjournment of this meeting, and shall deliver one copy to any voter or taxpayer in the town who may apply for it, and shall furnish copies of the record of each and every town meeting held during the the year for printing, so that it may be bound with the annual report of the town officers.

Resolved, That the subject of a tenement house by-law, having for its purpose the prevention of fire, the promotion of health, and the regulation of the inspection, construction, alteration, and use of tenement houses, be referred to a special committee of three for consideration, this committee to report at the next annual town meeting, said committee to be appointed by the moderator. The moderator appointed George B. Haven, J. Walter Schirmer, M. D., James B. Lester.

RESIGNATION OF ADELINE E. HARRIS

During the meeting William G. Moseley, Esquire, chairman of the school committee, with fitting remarks outlined the services of Mrs. Harris as a member of the school board and presented the following motion, which was seconded by Judge Emery Grover, who was a member

of the school committee when Mrs. Harris was appointed, and who served with her during a large portion of her long term of service. He endorsed all that had been said by Mr. Moseley and added thereto his own tribute to her ability and worth.

It was unanimously voted by rising that We, the voters of Needham, in annual town meeting assembled, hereby express our regret that, owing to the weakness caused by a long and severe illness, Adeline E. Harris has been obliged to tender her resignation as a member of our school committee.

That as an acknowledgement of our appreciation of her efficient service, extending over a period of more than twenty three years, we publicly extend to her our thanks and expression of good will.

That we desire to record our feeling of gratitude for the faithful service, the wise administration, the helpful and encouraging words of advice and admonition, the public spiritedness as an official, and the devotedness to the welfare of our public schools, evinced by Mrs. Harris during the years she has served as a member of the school board.

That in the retirement of Mrs. Harris the town loses the services of a careful and conscientious woman, who has given to the town and to the public schools freely of her time, her strength and her goodness, and we hereby publicly extend to her our best wishes and the hope that she will have a happy and serene future.

That an attested copy of this vote be sent to Mrs. Harris by the town clerk and also made a part of the records of this meeting.

At 10.18 P. M. voted that this meeting be dissolved.

Dissolved. Attest:

THOMAS SUTTON, Town Clerk.

Record of the First State Primary

Under Chapter 550 of the Acts of 1911

SEPTEMBER 26, 1911.

Pursuant to the foregoing warrant a meeting of the inhabitants of the town of Needham, qualified to vote in elections and in town affairs, was held in the town hall in said town, on Tuesday, the twenty-sixth day of September, in the year one thousand nine hundred and eleven, at six o'clock in the afternoon, for the purpose of nominating state and county officers, and to elect members of the state and town committees and delegates to the state convention.

The meeting was called to order by Henry T. Childs, chairman of the board of selectmen.

Voted to omit reading the warrant.

The selectmen having previously appointed John F. Gilfoil, Henry D. Blackman, Albert E. Collishaw and Adam Dyson as ballot clerks, they were severally sworn by the town clerk.

The package of ballots received from the secretary of the Commonwealth, containing one thousand ballots marked Republican, one thousand ballots marked Democratic, and five hundred ballots marked Democratic Progressive were delivered to the ballot clerks and their receipts taken therefor.

Cards of instruction and specimen ballots were posted

as required by law.

Additional tellers were appointed by the selectmen and sworn by the town clerk, viz: William F. Casey, Rodney S. Adams, Timothy F. Allman and William C. Payne.

The ballot box was publicly opened and shown to be empty, then locked and the key given to John W. Crisp, the officer in attendance at the polls. The polls were opened for the reception of ballots at three minutes past six o'clock in the afternoon and in pursuance with the warrant were kept open until ten o'clock in the evening. As the ballots were taken from the box they were audibly counted by the presiding election officer and announced as two hundred and thirty-five, which agreed with the number of names checked by the ballot clerks. No ballots were cast designated as Democratic Progressive.

Ninety-four ballots marked Democratic, and one hundred and forty-one marked Republican were duly so ted and counted separately and public announcement thereof was made by Henry T. Childs, chairman of the selectmen, in open meeting, and was as follows, viz:

Record of State Election

NOVEMBER 7, 1911.

In pursuance of the foregoing warrant the inhabitants of the town of Needham, qualified to vote in state elections, met in the town hall on Tuesday, the seventh day of November, in the year one thousand nine hundred and eleven, at six o'clock in the forenoon, and were called to order by Henry T. Childs, chairman of the board of selectmen.

Voted to omit reading the warrant.

Officer's return was read by the town clerk.

The selectmen having appointed James Ford, William H. Wye, Jr., William F. Casey, William T. Wilson, S. Frank Quinlan, and John D. Cooke as ballot clerks, they were severally sworn by the town clerk

The package containing the first set of ballots received from the secretary of the Commonwealth, was then delivered to the ballot clerks, and their receipts taken therefor.

Cards of instruction and specimen ballots were posted as required by law.

The ballot box was publicly opened and shown to be empty, then locked and the key given to George Twigg, officer in attendance at the polls.

The polls were opened for the reception of ballots at

three minutes past six in the forenoon and were kept open until thirty-two minutes past four o'clock in the afternoon, when as had been previously voted they were closed.

Additional tellers were appointed by the selectmen and sworn by the town clerk, as follows:— Rodney S. Adams, J. J. Coppinger, Samuel Smith, Harold Fitzgerald, William J. Gilfoil, Henry D. Blackman and William F. Brown.

THOMAS SUTTON,

Town Clerk.

Report of Auditor

Needham, Mass., Feb'y 12, 1912.

This is to certify that I have examined the records of the financial officers of the town, and find them correct.

Respectfully submitted,

ARTHUR E. SMITH,

Auditor.

Needham Bi-Centennial Celebration

1711—1911

At the annual town meeting held March 7, 1910, the town voted that the moderator and the present board of selectmen, together with twenty-one citizens to be appointed by the moderator, serve as a committee to take into consideration the celebration of the two hundredth anniversary of the incorporation of the town, said committee to report thereon with recommendations at the next town meeting. The moderator appointed Emery Grover, Thomas Sutton, William Carter, William Gorse, George K. Clarke, T. Otis Fuller, Joseph B. Thorpe, Charles E. Stanwood, John F. Mills, Edgar H. Bowers, James H. Whetton, William Mitchell, Howard A. Crossman, Charles H. Crowley, Frank W. Scotton, William E. Hurd, George H. Walker, James Mackintosh, George W. Southworth, Alger E. Eaton, Henry D. Blackman.

The committee held several meetings and it was decided to recommend that the town hold a three-day celebration and Sunday, Monday and Tuesday, September 17, 18 and 19, 1911, be selected as the dates. The recommendation of the committee was adopted by the town at the annual meeting held March 6, 1911, and the sum of \$2,000 was appropriated for the expenses connected with the celebration as outlined by the committee.

Following the annual meeting in March 1911, the committee began active preparations and the various sub-

committees arranged the program, that supported by the harmonious work of the committee as a whole, resulted in the successful celebration held on the above dates. There were a few changes in the committee as originally appointed. The death of Charles H. Crowley, who had taken great interest in the arrangements caused a vacancy, and at the next meeting of the committee James F. Ryan was appointed. Charles E. Stanwood and James Mackintosh, finding they were not able to devote the necessary time to the work, resigned, and the committee elected Frank W. Gorse and Austin Potter to the vacancies.

The great amount of detail connected with a celebration, in keeping with the observance of the 20th anniversary of the incorporation of the town called for a vast amount of labor, time and energy, and the successful event that resulted from the labor so bestowed was only possible by reason of the united work of the committee, supported by an interested and enthusiastic people.

An admirable program was arranged. On Sunday, September 17th, all the churches in town held special services, with programs suitable for the occasion. In the evening Dr. William H. P. Faunce, president of Brown University of Providence, R. I., delivered a scholarly and instructive address on the responsibilities of citizenship, to an audience of about 1,200.

On Monday, in the forenoon and afternoon the Athletic Committee provided a variety of sports, the children were given a pleasing entertainment in the town hall, and in the evening the Honorable Charles Francis Adams delivered an historical address in the town hall. Our townsman, George K. Clarke, also gave an address of a local historical nature. On Tuesday a civic and trades procession and parade was participated in by practically

every business firm and organization in the town, and delegations were present from neighboring towns and took part in the parade. In the afternoon an exhibition practice was given by the fire department.

On Tuesday afternoon a banquet was enjoyed by about three hundred people, and there were present, by invitation, a large number of state and county officials and our representative in congress. His Excellency Eugene N. Foss was the honored guest of the town on this occasion. In the evening the celebration closed with a ball in the town hall, and an admirable program was enjoyed by a large number of our citizens with their ladies.

During the three days celebration the Needham Military Band furnished delightful music and was a pleasing feature of the celebration. The women's clubs of the town arranged and carried out the historical and loan art exhibition in the high school hall, and this feature of the celebration was warmly praised by those who visited the exhibition. The organizations connected with the churches also provided entertainment and refreshment for visitors.

It is estimated that over 20,000 people were present at the various exercises, and the celebration was carried through without an accident or any disturbing incident. The whole program was favorably commented upon by our citizens generally, by visitors, and the city papers. The civic and trades' parade was a most creditable feature and reflected great credit upon all who participated, and aroused hearty applause all along the line. The weather was fair and no storm came to interrupt or prevent the carrying out of the program as arranged. Automobiles were furnished to convey visitors to different parts of the town, and many of the former residents were thus given an opportunity to see the changes that the

town had undergone.

Through the energy and wise planning of the sub-committee on the banquet and ball, these features were made a source of income, and enabled the committee to carry out the arrangements as made, and after paying all bills had a balance on hand of \$. This amount the town voted at the January (1912) meeting to continue, and a committee have in charge the publication of a complete history of the celebration, together with the addresses given. In this manner there will be preserved a complete record of a celebration that the town has every reason to be proud of.

The town clerk has thoughtfully collected a complete file of papers, photographs, programs, souvenirs, badges, and valuable information connected with the celebration, and has placed the same in a box deposited in the vault at the town hall. At some future day, when not only the features of the celebration but those who participated in it or were witnesses of it have become memories, these mementoes will, we anticipate, be greatly prized. The few articles relating to the observance of the one hundredth anniversary of the incorporation of the town and available at this time were found of value, and it may be in 2011 the relics of 1911 will be given attention.

The design of the celebration was to commemorate with fitting observance the efforts and struggles of the early settlers. The town as it is today was made possible through the persistence of those who directed the affairs in the early days of the town's incorporation, and the historical significance should not be lost sight of in the complacent contemplation of conditions as they now exist.

Respectfully submitted for the Committee,

WILLIAM G. MOSELEY, Chairman.

Amount of court fines	\$444.00
Amount of jail fines	65.00

I think a word of warning is necessary to the parents, on account of the numerous complaints being made of juvenile offenders, such as placing obstructions on the railroad tracks, thereby endangering the lives of the public, larceny, breaking and entering, setting fires and snowballing passing vehicles and pedestrians.

Oft imes a word spoken by the parents to their younger sons will keep them out of mischief and from the company of that class of boys who are capable of committing crimes similar to those mentioned above.

Respectully submitted,

NORMAN MacKENZIE,

Keeper of Lockup.

Report of the Forest Warden

Needham, December 30, 1911.

To the Honorable Board of Selectmen:

Gentlemen:—I herewith submit my third annual report as Forest Warden.

In the early spring the attempt to further prevent the setting and spreading of fire in the wooded districts of the town by patrolling the same was made and the excellent results fully demonstrated the advisability of such action. The patrol extinguished fourteen fires, some of which were incendiary. In some instances it was necessary to have assistance, but in no case was there a bell-alarm, thereby saving a considerable expense to the town. The average number of miles covered per day by the patrol who were mounted on bicycles was twenty-seven.

In accordance with the statutes the necessary notices were published in *The Needham Chronicle* during the month of March; also copies of the law were posted in the different parts of the town.

There were three hundred and sixty-nine permits issued from this office during the past year, an increase of one hundred and two over that of the previous year.

I wish to call the attention of the residents of the town to a change in the law which provides that no fires shall be set in the open air between March first and December first without written permission from the Forest Warden, as

may be noted in the extracts from the law following my report. The time was previously set between April first and December first.

Five deputies have been appointed who have shown a lively interest in the work, and with their assistance and the co-operation of the residents, the town should be kept free from these fires which cause so much trouble and expense.

Extracts From Massachusetts Forest Laws.

1. Setting fire to growing wood or timber of another. Punishable by a fine of not more than \$100.00 or by imprisonment for not more than six months. R. L. 208, Section 7.

2. Letting fire escape. Negligently allowing fire to escape from your own land to adjoining land. Punishable by a fine of not more than \$250.00, also liable for damages R. L. 208, Sections 8-9.

3. Forest Wardens not liable to arrest for trespass. Wardens, Deputies and Assistants, not liable for trespass while acting in the reasonable performance of their duties. Acts 1907, 475, Section 6.

4. Permit to light fire in the open. In any city or in towns so voting a permit from the Forest Warden must be obtained to start a fire between March 1 and December 1. The only exception being that debris from fields, gardens or orchards, or leaves and brush from yards may be burned on ploughed fields by the owners thereof, their agents or lessees, but in every case such fire shall be at least two hundred feet distant from any forest or sprout lands, and at least fifty feet distant from any building, and provided further that persons above eighteen years of age may maintain a fire for a reasonable purpose upon sandy or barren land, if the fire is enclosed within rocks, metal or other non-inflammable material, but in every case such fire shall be properly attended until extinguished. Violation of this provision—punishable by a fine of not more than \$100.00 or imprisonment for not more than one month or by both such fine and imprisonment. Acts 1908, 209, Section 1, as amended by chapter 244, Acts 1911.

5. Arrest without warrant. The Forest Warden or any of his deputies may arrest any persons setting or maintaining a fire in violation of the provisions of this Act. Acts 1908, 209, Section 4, as amended by Chapter 244, Acts 1911.

6. Penalty for refusing aid. Any person between the ages of 18 and 50 years who refuses, without good cause, to assist the Forest Warden or his Deputies in the fighting of forest fires is liable to a fine of not less than \$5.00 or more than \$100.00. L. R. 32, Section 21; 1907, 475, Section 3.

7. Disturbing notices. Whoever wilfully tears down or destroys any notice posted under the provisions of this Act shall be punished by a fine of \$10.00. Acts 1907, 475, Section 7.

Respectfully submitted,

H. H. UPHAM,

Forest Warden

Report of Committee on Central Fire Station

Needham, January 20th, 1912.

Your committee, appointed at the last annual town meeting to investigate the necessity and advisability of erecting a new central fire station, beg leave to report as follows:

After careful consideration of the subject in question, it is the unanimous opinion of your committee that the quarters now in use are insufficient for present requirements, and it is unadvisable to attempt to modernize or reconstruct the same. We, therefore, recommend that a suitable site be selected and purchased at once, and in the near future a modern central fire station be built providing for the needs of the department, as the growth of the town may demand.

PRESTON MITCHELL,
F. W. GORSE,
ALFRED PARKER,
ALLSTON R. BOWERS,

Report of Fire Department

Needham, Mass., December 30, 1911.

To the Honorable Board of Selectmen:

Gentlemen:—I herewith submit the twenty-sixth annual report of the Needham Fire Department:

The Department has responded to fifty-two calls during the past year, of which twenty-seven have been bell-alarms, the balance telephone calls and still-alarms. This enumeration includes a call for assistance from the town of Dover, one second alarm and a general alarm for the purpose of exhibition at the Bi-centennial Celebration of the town.

Tabulated below are the causes of fires which have occurred during the year past so far as known:

Sparks from locomotive	8
Defective chimney	4
Sparks from chimney	2
Burning rubbish	4
Accidental	5
Incendiary (all brush or woods)	12
Spontaneous combustion	1

There were twelve fires in buildings, one hay-stack and thirty-nine in grass and woods.

Under the statute, through this department, there has been collected from the N. Y., N. H. & H. R. R. Co. and paid to the town treasurer the sum of \$44.00, all claims having been discharged to date.

Inventory.

Needham Heights District.

Station No. 2 land and buildings	\$4,700.
Combination Chemical and Hose-wagon and Equip- ment	1,250.
Hose (1,900 feet)	950.
Other appliances and fittings	345.

Charles River District.

Hose-wagon and Equipment	\$350.
Hose (600 feet)	300.

Hose-wagon and Equipment	\$325.
Hose (700 feet)	350.
Other appliances and fittings	90.

Needhamdale District.

Reel	\$ 50.
Hose (500)	250.

The up-keep of the equipment has been given that due attention which more than offsets any charge ordinarily made for depreciation, with the exception of the reel at Needhamdale. The revaluation of the two stations has been made by the present board of assessors.

The relation of the value of the buildings and contents in which fires occurred, the insurance on the same, the

damage and the amount of insurance paid is shown by the following schedule:

Value of buildings insured	\$24,300.00
Insurance on the same	27,800.00
Damage to buildings insured	6,365.00
Insurance paid on buildings	7,385.75
Value of buildings uninsured	none
Value of contents insured	12,550.00
Insurance on same	8,900.00
Damage to same	2,495.00
Insurance paid on same	1,738.25
Value of contents uninsured	6,650.00
Damage to same	3,250.00
Total amount of damage by fire and water	12,110.00
Total amount of insurance paid	9,124.00

The amount of hose laid during the year is 9,100 feet; ladders used 880 feet; chemicals used 377 gallons.

The membership of the department is fifty-three, including the board of engineers.

The condition of the apparatus and equipment is excellent with the exception of the hose. Not only is the present quantity insufficient in case of an emergency but a considerable amount must be replaced by new. I consider the purchase of at least one thousand feet absolutely necessary.

I would recommend the addition of another box to the fire alarm system to be located in the vicinity of the Needham Junction railroad station, there being none between the Fire Station on Chestnut street and the corner of Chestnut street and South street, a distance of a mile, and also near the Saxony Knitting Mills.

Respectfully submitted,

H. H. UPHAM,

Chief Engineer.

Report of Superintendent of Fire Alarm

Needham, Mass., January 31, 1912.

To the Honorable Board of Selectmen:

Gentlemen:—The fire alarm system of this town has now assumed such proportions as to call for some changes at the town hall in order to obtain good results.

We have, year by year, added additional fire alarm boxes, tappers and a repeater, until now the battery requirements have been more than doubled. The motor generator set first put in is now by far too small and can only be used to charge a few new elements. If from any cause we were to be deprived for even twenty-four hours of the privilege which the town enjoys free of cost of charging the batteries with current from the Middlesex Street Railway line, the service would be practically crippled and useless. I would, therefore, recommend the purchasing of a new motor generator set of sufficient capacity to last for several years.

In my opinion these improvements will cost about \$200. There will also be needed for additions, maintenance and repairs to the system about \$900.

Respectfully submitted,

WILLARD B. COOKSON,

Supt. of the Fire Alarm.

Report of Superintendent for Suppression of Gypsy and Brown-Tail Moths

To the Honorable Board of Selectmen:

Gentlemen:—I herewith submit the report of the moth department for the year ending December 31, 1911:

Owing to the dry conditions prevailing last spring it was necessary to omit the usual burning out of stone walls and rock-heaps infested by gypsy moths. The other methods of suppression were followed as usual.

The condition in the residential districts of the town, both as regards the gypsy and the brown-tail moths, is very good, but in some of the woodland colonies of the gypsy moth serious damage is bound to occur within a few years, unless the owners of such property show more of a disposition to aid in the work of suppression.

Our work in orchards is becoming easier each year because many dead and useless trees have been removed and owners are taking more interest in the welfare of their fruit trees as regards pruning, closing holes, spraying, etc.

Brush and small trees growing along walls and fences continue to be a source of infestation which might be entirely removed by a small amount of work by their owners each year, in trimming out and burning the rubbish.

There is an increasing disposition on the part of our larger property owners to co-operate with this department

which makes our work easier and more effective.

While certain things are best done by experienced men, all land owners can help by keeping their property in such condition that the work may be done at the lowest possible expense both to them and to the town.

The infestation on the street trees is very light except in a few instances of large oaks, which are always a favorite feeding place both for the gypsy and the brown-tail.

Respectfully submitted,

E. E. RILEY,

Local Superintendent of Moth Work.

Report of Tree Warden

The suppression of the elm leaf beetle has been the most important and necessary work of this department during the year, and the greater part of the appropriation was consumed in the purchase of supplies and labor for this work. The beetle was as abundant and voracious as ever, and the difference between sprayed and unsprayed trees was very apparent.

Several dead trees have been removed and the dead wood has been taken from a number of large elms. If a little of this is done each year there will be a constant improvement in the condition and appearance of the trees and the danger from falling branches will be removed.

A few young trees were set out during the spring and this work also should be continued from year to year as funds and opportunity permit.

The extreme dryness of the past year made transplanting rather uncertain and had a very bad effect on the larger trees. There has been considerable damage due to the cutting of roots in sidewalk construction and the lowering of grades during the last few years.

Damage to trees is unavoidable in cases of this kind however carefully the work may be done and we must accept it if we desire improvements of this kind.

There is one form of damage, however, which is entirely without excuse. I refer to the injury caused by horses biting the bark, especially of young trees. Trees injured

in this way are commonly seen throughout the town and drivers should remember that negligence on their part is a punishable offence.

During the spraying season it is a common practice for property owners to call on this department to spray their trees. Such persons should always send a written request before the middle of May, as the expense to them is much less if the work is done while the sprayer is in their vicinity.

Respectfully submitted,

E. E. RILEY,
Tree Warden.

Report of Superintendent of Streets

To the Honorable Board of Selectmen:

Gentlemen:—I submit the following report of the Street Department from June 1, 1911 to Dec. 31, 1911.

HIGHWAYS AND BRIDGES.

Webster Street.

This street was widened to a thirty foot roadway from Great Plain Avenue to Kingsbury Street and from there to Rosemary Street an eighteen foot roadway. The gravel used was obtained from Cornwall's pit. Labor and materials costing \$2,086.

Central Avenue.

From the Charles River to Fisher Street. This street for 1,225 feet was macadamized 15 feet wide with an average of 7 inches of crushed stone. Labor and materials costing \$521.

Highland Avenue.

Great Plain Avenue to Chapel Street. Roadway macadamized thirty feet wide, 380 feet long with crushed stone 6 to 12 inches thick. Labor and materials costing \$350.

Great Plain Avenue.

Mark Tree Road to Central Avenue. This section .55

of a mile long was in a condition demanding immediate attention and a gravel foundation was laid, with gravel obtained from Whitaker's pit, to bring the road in condition for a macadam surface, with the intention of macadamizing the coming year if necessary. Labor and materials costing \$750.

Central Avenue.

Near the Eliot School. This section was resurfaced 6 to 24 inches thick with gravel from Hurd's pit. Labor and materials costing \$385.

Webster Street.

South Street to Norfolk Street. A gravel foundation was laid with the intention of macadamizing during the coming year if possible. Labor and materials costing \$176.

BRIDGES.

Kendrick's Bridge.

This bridge was found to be in such an unsafe condition that immediate steps had to be taken to sufficiently strengthen by means of piles and bracing to warrant the use of the structure until a new bridge could be planned.

Hunnewell Street Bridge.

This bridge was replanked. The timbers under the flooring were found to be badly rotted as were some of the supporting timbers, making it necessary to plan for a new structure.

Pierce's Bridge.

This bridge will have to be replanked during the coming year.

SIDEWALKS.

A granolithic walk was laid on the west side of Fair Oaks Park from Great Plain Avenue to May Street. The abutters paid one-half of the cost.

A granolithic walk was laid on Highland Avenue and West Street. The abutters paid one-half of the cost.

A gravel walk was laid on High Street near Webster Street. The abutters paid one-half of the cost.

SPECIAL APPROPRIATIONS.

Manning Street.

A special appropriation of \$1,200 was made for the construction of this street, which was laid out and constructed under the Betterment Act. This street is 1,060 feet long and 40 feet wide, with a roadway of 22 feet built of gravel from Cornwall's pit on a foundation of coarse gravel from the Waterworks land. The abutters paid one-half of the cost, \$598.40 or \$.31 per lineal foot.

Bradford Street.

This street was laid out and constructed under the Betterment Act and a sum of \$1,800 was appropriated to construct the same. Owing to the cost of obtaining gravel from the pits, it was thought more economical to build this street of crushed stone. This street is 1,800 feet long and is laid out 40 feet wide with a roadway of 22 feet from Great Plain Avenue to what was known as Glenwood Road and from there to Dedham Avenue, 50 feet wide with a roadway of 30 feet. The abutters paid one-half of the cost, \$899.41 or \$.275 per lineal foot.

Fair Oaks Park.

The west side of this street was laid out and constructed

under the Betterment Act and a sum of \$950. appropriated for the same. This street is 928 feet long with a roadway of 17 feet built of crushed stone. The west border was graded and such trees as necessary transplanted. The center grass plot cannot be graded until the east side of the street is constructed. The abutters paid five-sevenths of the total cost, \$678.53 or \$.75 per lineal foot.

Dust Suppression.

About \$2,500 has been spent for the suppression of dust. Of this sum the greater part has been used for Tarvia. This amount does not satisfy the demand and a larger amount will have to be spent. With the new method of applying, the appropriation will be made to go much further, but more streets should be covered because these tar and oil preparations save the surface of the streets from a large amount of wear.

Drainage.

That section of the town surrounding Great Plain Avenue and Webster Street is sadly in need of an adequate drainage system since the construction of several new streets has caused a large quantity of water to collect on Great Plain Avenue with no natural outlet. Catch basins alone will do practically no good. This situation can be relieved by laying a main drain down Webster Street to the brook near the railroad, and lateral drains laid to Fair Oaks Park, Manning and Bradford Streets. There are several other sections that need smaller drains and catch basins. A number of old drains should be dug up and cleared of roots and other accumulations and put in a working condition.

Respectfully submitted,

O. H. STARKWEATHER,

Superintendent.

Report of Inspector of Wires

Needham, Mass., Feb. 14, 1912.

To the Honorable Board of Selectmen:

Gentlemen:

The work of this department, although limited, is important and calls for almost daily attention, as there has been a very rapid increase in the extension of the domestic and power service during the past year. All new wiring is being installed under the Rules of the New England Insurance Exchange.

It goes without saying that the appearance of our streets would be materially improved if the corporations who have pole lines on them would combine their forces and put all their wires on a single line of tall, straight poles and keep them well painted. As I have had opportunity I have urged them to do so, and hope my suggestions may be heeded in the near future, so that gradually the number of unsightly poles will be reduced.

Respectfully submitted,

WILLARD B. COOKSON,

Inspector of Wires.

Report of Board of Selectmen and Overseers of the Poor

For the Year 1911

To the inhabitants of the Town of Needham:—

We herewith submit our report for the year 1911 together with our recommendations for the current year.

Superintendent of Streets.

On May 31st last Mr. David H. Livingstone resigned as Superintendent of Streets, after ten years of faithful service, to accept a more lucrative position of a similar nature in Dedham. The excellent condition of our streets at the expiration of his term of service is a more fitting testimonial to his ability than any words of praise from this board.

Mr. Oscar H. Starkweather, a Needham boy, a graduate of our schools and of Massachusetts Institute of Technology, was appointed to the vacancy. We believe that Mr. Starkweather has done good work during the few months that he has held this position and that our streets will maintain their high standard of excellence under his supervision.

HIGHWAYS AND BRIDGES.

Bridges.

The condition of several of our bridges was such as

to call for considerable repairs during the past year. The planking, braces and two piers were removed on the north side of the Central Ave. Bridge, near the Newton line, at a cost of \$367.44. Temporary repairs were made to Kendrick's Bridge at a cost of \$591.48. Of these amounts, the city of Newton paid one-half. In the opinion of engineers who examined the structure, Kendrick's Bridge will have to be replaced with a new one in the near future. When this work is done, the line of the street should also be changed to eliminate the dangerous curve which now exists on the Newton side. The condition of the Hunnewell Street Bridge over the tracks of the N. Y. N. H. & H. R. R. is such that, in the opinion of the Board of Selectmen, a new bridge should be constructed, and the roadway widened. This bridge is unsightly and unsafe for travel, especially for the many school children who are obliged to pass over it daily.

Highways.

Our Highways, as a whole, compare favorably with those of other suburban towns. A macadam road has been constructed on that portion of Central Ave. lying between Fisher Street and the Dover town line in Charles River. Webster Street, between Rosemary Street and Great Plain Ave., has been entirely rebuilt with good, binding gravel from Cornwall's pit. Great Plain Ave., between Central Ave. and Marked Tree Road, has been resurfaced with good gravel, as has also Central Ave near the Eliot School. Bradford Street, Manning Street and the West side of Fair Oaks Park, between Great Plain Ave. and May Street, have been constructed in accordance with votes passed at previous town meetings. Details of this work will be found in the report of the Superintendent of Streets. A careful perusal of this report is recommended. The use of Tarvia and Oil has been continued during the past year with good success.

Drainage.

The refusal of the N. Y. N. H. & H. R. R. Co. to longer permit the discharge of surface water on their property, near the Hunnewell Street Bridge in Needham Heights, makes it imperative that a new line of pipe be laid to take care of the drainage in that section. In accordance with the report of the Superintendent of Streets, we also recommend that a drain be constructed on Great Plain Ave. and Webster Street, to take care of the surface water in that rapidly growing locality. This drain, if constructed, will effectually care for the surface water on all the new streets recently built, and will provide for the future needs of that section. Satisfactory streets cannot be maintained in this section unless means of drainage are provided.

Sidewalks.

An increasing demand for better sidewalks has been met by the construction of granolithic walks on Fair Oaks Park and on Highland Ave. and West Street. The gravel walks have also been kept in good repair. Applications for sidewalk construction should be made by citizens as early in the spring as possible.

Fire Alarm.

The condition of the fire alarm is, in the main, satisfactory. The installation of two new boxes, one on Chestnut Street, near Needham Junction, and the other near the Saxony Knitting Mills in Needham Heights, is recommended.

Fire Department.

We have been fortunate during the past year, in that no serious fires have occurred. Such alarms as have been rung in have been responded to promptly, and good service has

been rendered. The apparatus at the various stations is in good condition. The reports of the committee on a Central Fire Station, and of the Chief Engineer of the Fire Department will be found on another page.

Police.

Under this department, we would respectfully call the attention of the citizens to the report of the Keeper of the Lockup. The town, as a whole, has been free from crimes of a serious nature during the past year.

Care and Support of the Poor.

We take pleasure in stating that during the past two years the demands on this department have substantially decreased. All applications for aid have been promptly investigated, and relief furnished when necessary.

Board of Health.

The good health which the town, as a whole, has enjoyed during the past and preceding years, is attributable largely to its ideal location, combined with its pure water and invigorating air. Such measures as have been adopted by the Board of Health have been observed by the citizens conscientiously, and the orders of the Board complied with. One case of small-pox was reported to the Board during the year. An efficient quarantine was established, and the spread of the disease checked. As the population of the town increases, we believe it would be a wise policy to establish a separate Board of Health, at least one member of which should be a physician.

The large balance shown in the foregoing account does not mean that the income has not been fully expended, but that bills exceeding four hundred dollars were contracted in 1911 and not received in season to be paid before the end of that financial year.

The trustees do not consider it worth while to repeat statistics found in the librarian's report, or to indulge in "glittering generalities" as to the importance of public libraries. Early in the summer the librarian, Miss Ella R. McDowell, informed the trustees that she had decided to resume her studies at Simmons College, and on September 21 the college opened. Miss McDowell has been industrious, courteous to all, prompt to see the needs of the library, and in all respects competent and satisfactory. Since September the trustees have gladly availed of her services as cataloguer. In September Miss Ruth Walker came as an assistant to Miss McDowell and later was

elected librarian. Thus far she has done well, and is acquiring technical knowledge.

Apparently the persons interested in the estate of Miss Helen M. Bean have declined to give effect to the wishes of Miss Bean and of her brother, George F. Bean, as expressed to the trustees in reference to his library, and the town will receive no additions to the three hundred and forty-five books which were obtained from Miss Bean. Only rare books bring good prices at auction, and the trustees had hoped that the entire library would be given to the town. So many of these books were duplicates of what the town already possessed that it did not seem best for us to bid at the sale.

During the Bicentennial Celebration the libraries had no active part, but the buildings were decorated, and inspection was invited.

Respectfully submitted for the trustees,

GEORGE K. CLARKE, Chairman.

Telephone: Needham 445-M, Commissioners' office.

Twenty-second Annual Report of the Water Commissioners

To the Inhabitants of the Town of Needham, Massachusetts:

The Water Commissioners herewith submit their twenty-second annual report for the year ending December 31, 1911.

At the annual town meeting in March, Mr. William Carter was re-elected water commissioner for a term of three years.

The board organized by electing Mr. George H. Toone chairman, and appointing George A. Adams clerk.

Extensions.

The following extensions have been made during the year:

Fair Oaks Park—from extension of 1910 to May street, 530.5 feet.

Hemlock street—from Manning street, east 284.5 feet.

Manning street—from extension of 1910 to Hemlock street, 484.0 feet.

Rosemary street—from extension of 1907, west 259.0 feet.

Fire services have been installed at the stock house of the Saxony Mills on Rosemary Hill street, and Moseley & Co. factory on Highland avenue, without cost to the town as provided by the Rules and Regulations of the Water Department.

Water Rates.

2,222 cubic feet (or less) minimum rate of \$6.00 per annum in advance.

Water used in excess of 2,222 cubic feet will be charged at the uniform rate of 19 cents per 100 cubic feet. Meter rental \$1.00 per annum in advance.

Bills for minimum rate of \$6.00 and meter rental of \$1.00 per annum shall be charged April 15, and will include the charges for excess water for the previous year, except however, if the consumption of water between April 15 and October 15 exceeds 2,222 feet, a bill for such excess shall be rendered and payable October 15.

Bonds.

Bonds to the amount of \$6,500 have matured and been paid during the year, as provided by Chapter 259 of the Acts of 1900, and in accordance with a vote of the town passed June 28, 1900. The outstanding bonds mature as follows:

Outstanding Bonds.

1912	\$6,500 00

Recommendations.

In our report of 1910 the following recommendation appeared: "We recommend that an appropriation of \$4,000.00 be made for water for public purposes, to be applied to the construction and maintenance account, and we believe with this appropriation we can take care of the loans, also attend to the ordinary demands for new work, this we have been able to do, the loans of 1910 have been paid and the construction work attended to, notwithstanding that a larger number of services have been added this year since 1893. \$4,404.83 of the earnings of this department have been transferred to the construction account."

We therefore recommend that \$4,000.00 be appropriated for water for public purposes, the same as in 1910.

Respectfully submitted,

GEORGE H. TOONE,
EDMUND G. POND,
WILLIAM CARTER,

Water Commissioners.

Report of School Committee

The work of a committee, board, or commission is made comparatively easy in a community wherein the systems or methods of government have remained unchanged for years or wherein there exists a feeling of satisfaction or general apathy. Your school committee finds the task much more difficult, in these times, when agitation exists everywhere in regard to the kind of schools, classical, business, technical, industrial and the methods that may or should be adopted.

It is only right that citizens should be concerned in regard to the expenditure of the town's money, and endeavor to secure for their children the best possible advantages from an educational standpoint.

Needham is a rapidly growing, progressive community. This is especially true in regard to its schools. The committee appreciate the situation and recognize the need in the near future of increased facilities in the form of one or more modern school buildings with suitable grounds, accessible and convenient to the homes of the children, and meeting the needs of the natural growth of the town.

At the close of last year it became evident to the committee that our schools had reached a point where they needed a superintendent of wide and long experience, a man large enough to grasp the situation and to carry the schools on to a still higher plane of efficiency, unifying and harmonizing the work of the grades and strengthening and

broadening the work of the High school. Such a superintendent could only be secured by offering a salary commensurate to the worth of the service and by a unanimous call on the part of the committee. The committee believed that the tax payers were willing to pay for such service and consider they have been fortunate in securing the present incumbent, Austin H. Keyes, formerly superintendent of schools in the city of Dover, N. H.

Many subjects have been considered by the committee and much constructive work has been accomplished. The high school shows a firmer tone and a better feeling exists on the part of the parents, teachers, and pupils. But much still remains to be accomplished. The superintendent advises the committee that in the graded schools continued effort is necessary to bring them up to his ideal. Thus it will be difficult to form a correct opinion in regard to the real constructive work of our new superintendent before the end of another year. Meanwhile, we ask your indulgence and co-operation.

The school property of the town is creditable and may be said to be in good condition. The following extraordinary work has been accomplished.

Harris school thoroughly modernized and made into a two-room building instead of one.

Parker school painted without and within and the cellar concreted.

Kimball school renovated, better ventilated, and put in good condition.

Accommodations for the pupils of the Dwight school must be considered as somewhat congested. The committee have under consideration the purchase of a one-room portable school for temporary purposes, which may be removed to other parts of the town according to requirements.

Kimball school is likewise congested and the committee recommend that the town purchase at the cost of \$12,000

the property known as Green field, bordering on Great Plain avenue, Pickering and May streets, and that for the immediate present, for primary children only, a portable school be purchased and placed thereon which could be replaced later on by a modern school building. The old Kimball building in the meantime to be used for the grammar grades only.

The immediate demand for increased school accommodation near the river on Highland avenue is eased, due to the industrial depression which apparently has affected a number of the employees of the Saco-Pettie Machine Works. The children are at present accommodated in Eliot school since the Avery schools were unable to accommodate them. These children are transported to and from Eliot school by a barge.

One of the most perplexing conditions that confronts the committee at this time is the constant loss of many of the best teachers. The committee and superintendent are determined this loss must cease and, in order to accomplish this,*the board have adopted a scale of 10 salary, according to the merit and length of service rendered, which we feel sure will retain the teachers. We feel that while the increase in salaries will cost the town a little more, it will be offset by certain economies in other directions. The committee ask for \$40,500 for the year 1912, which they trust will meet all requirements.

Respectfully submitted,

HORACE A. CARTER,
MRS. REDINGTON FISKE,
W. G. MOSELEY.

* Scale of increase of salaries on next page.

Graded Salary Schedule

Graded Salary Schedule.

The compensation of the teachers in the grades depending upon their length of service shall be as follows:

First year	\$408
Second year	456
Third year	504
Fourth year	552
Fifth year	600
Sixth year	648
Seventh year	696
Eighth year	744
Ninth year	792

This schedule of salaries shall go into effect in September, 1912, but in no case shall a teacher's salary be increased without the recommendation of the superintendent, nor shall any salary be increased more than \$60 in September, 1912, and more than \$48 per year thereafter.

In computing the salary to be paid, every year's attendance at a training school or a normal school shall be regarded as equivalent to a year's experience in teaching and every year of satisfactory experience elsewhere may be taken as an equivalent to one year's service in Needham by a vote of the committee.

No provision of this schedule shall be permitted to reduce the salary of a teacher now in service.

Salaries of high school teachers shall be determined according to the merit of the teachers.

The salaries of all teachers shall be paid in twelve equal installments on or before the last Thursday of each calendar month, except the months of July and August; the 11th installment together with the 10th installment shall be paid the last of June at the end of the school year, and the 12th installment shall be paid the first week of the following September.

If any teacher in service in Needham declines or fails of re-election in May, the 12th installment of her salary together with the 10th and the 11th installments shall be paid the last of June.

On recommendation of the superintendent, the principal of the Kimball grammar school shall receive a salary of \$840 for the school year commencing September 1, 1912, \$876 for the next school year and \$900 for the next school year, provided there is no change of principal; under the same conditions the principal of the Avery grammar school shall receive a salary of \$1,104 for the school year commencing September 1, 1912, \$1,200 for the next school year, \$1,296 for the next school year, \$1,404 for the next school year, and \$1,500 for the next school year, provided there is no change of principal.

The principals of the Eliot school, the Dwight school, and the Harris school shall each receive \$36 per year in addition to the salary to which they are entitled by the above schedule.

Form of Teacher's Contract

Needham, Mass.,.....191..

This agreement, made and entered into on the above date between the school committee of the town of Needham, party of the first part, and M..... party of the second part, witnessth:

That the said school committee of the town of Needham, party of the first part, agree to employ M....., party of the second part, to teach the.....grade in the..... school for the year commencing September 1st, 191 and ending August 31st, 191 , and the said party of the first part agrees to retain the services of the said party of the second part for the entire school year, provided the work of the said party of the second part is satisfactory. For this service the party of the first part agrees to pay the party of the second part as follows: \$.....on the last Thursday in September, 191 , and \$.....on the last Thursday of each and every month thereafter up to and including May, 191 , and \$.....on the last Thursday in June, 191 , and \$....., September , 191 . In the event that the said party of the second part declines or fails of re-election to the position as teacher in the Needham schools at the election of teachers in May, 191 , then and in that event the said party of the first part agrees to pay to the said party of the second part an

additional sum of \$.....on the last Thursday in June, 191 , the same being in recognition of services rendered.

The said party of the second part agrees to serve as teacher in the town of Needham for the entire school year, provided her work is satisfactory and her health permits. If the said party of the second part resigns during the school year, it is understood and agreed that she forfeits to the town of Needham her right to any and all money due or unpaid at the date of her resignation, the same to be as and for liquidated damages.

} School Committee, of the
} Town of Needham,
} party of the first part.

.....Teacher,
party of the second part.

If this election is accepted, this contract must be signed and returned to the superintendent of schools within twenty days after the above date, otherwise the school committee will declare the position vacant and proceed to elect another teacher.

Report of the Superintendent

To the School Committee of Needham:—

I have the honor to submit to you my first annual report of the public schools, covering a period of six months from the first of July 1911 to December 31st, 1911. The usual statistics are given as an appendix to this report. I have also added to these a record of the promotions in the elementary schools and the high school in June, 1911, the roll of honor for the school year ending June, 1911, giving a list of pupils that were not absent nor tardy for that school year, the programs of graduation in both grammar schools and high school, the program of curricula in the high school, the order of recitations in the high school, and the time schedule of drawing teacher and music teacher.

Teachers.

The teacher makes the school and is the most important topic of the school report. If a school system has good teachers and they remain a permanent asset to the system, it can have a meager equipment and poor accommodations and still do excellent work. This town is fortunate in having a number of local teachers who have been loyal to the schools, faithful to duty, and efficient in service for many years; there are a number of other teachers coming from neighboring and distant towns that have served this

community faithfully for a number of years. The town, however, has been unfortunate in the loss of a large number of teachers every year. Last year there was a loss of twelve teachers, this year there have been the following losses: W. Herbert Moore, sub-master in the High school; Alice H. Edwards, assistant in the high school; Henry T. Prario, principal of the Avery grammar school; Jennie M. Loomis, grade VIII, Avery school; Elsie A. Choate, grade III, Avery school; Edith L. Shorrock, grade II, Avery school; and Josephine B. Willett, grade II, Kimball school. To replace these losses Harold Lawton has been elected sub-master in the High school; Helen Whitcomb, assistant in the High school; William H. Holmes, principal of the Avery grammar school; Elizabeth M. Adams, grade VIII, Avery school; Ruth A. Webb, grade III, Avery school; and Marion K. Shaw, grade I, Kimball school. In addition to these changes, one of the second grade schools in the Avery primary building has been closed and another school has been opened in the Eliot building and is taught by Mary E. Mackenzie; an additional school has been opened in the Harris school taught by Dorothy Allen; Hermia A. Riley was transferred from the first grade to the second grade in the Kimball school; and a new teacher of drawing, Florence L. Bean, was elected during this year. This catalogue of changes does not mention the teachers that stayed only a few weeks in the school system during the past year.

With so many changes it would be impossible for a school system to be at its best. The superintendent with considerable outlay of time and money must hunt for new teachers; the new teachers have to become acquainted with a new system and a new class of pupils; and the children must accustom themselves to new methods of instruction and to the discipline of new teachers. It usually takes two or three months for a teacher to begin to do herself justice in a new school system, and sometimes it is a

year before she is doing her best work. In the meantime, the children suffer a loss in their education from this condition. We have a class in the Kimball school this fall that is retarded a half-year in their course because they had three teachers last year; there is another class in the Avery school that was two months in settling down to good work, because they had several teachers last year and got into a bad state of discipline. What is the remedy? An excellent and a permanent corps of teachers. How can they be secured and retained? By paying them a fair salary and increasing their salary from year to year according to their worth. The pension system for teachers is wrong in principle. Teachers should be paid sufficient salary, so that they may be able to lay up money for sickness and old age and not have the stamp of public charity placed upon their profession from the pension system. Such a schedule of salaries has been prepared and presented to the committee and was adopted with some modifications. With such a schedule the teachers should be held by a binding contract to teach their schools until the end of the school year, and the practice of superintendents from other towns visiting our schools to steal our best teachers during the school year should be frowned upon by our citizens and school authorities. Our teachers ought to become a solid phalanx, a fighting team, contending for the education and the moral, physical, and intellectual welfare of the children. Such a team should have no stragglers, it should have none of its members dropping out by the wayside, it should present a compact line moving in harmony and as a unit to the accomplishment of its work. Such a body of teachers the school department intends to secure, such a body of teachers they intend to retain by paying them salaries according to their worth, and such a body of teachers they intend to make into a glorious fighting machine that will consider the interest of each and every child and will do its best with the co-

operation of the parents to develop every power of the children under its charge and make good citizens of them.

The Children.

The children are the greatest asset of the school system. While the teacher is the queen bee, the children are the workers in the hive of education, and this thought that they are the workers should be always kept in mind. Too often the parent assumes that the child is a vessel into which knowledge can be poured. This is not so. That there is no royal road to education is an absolutely correct statement in ancient philosophy. Each child by concentrated study must develop his individual powers and abilities. As the father goes out to the industries of the business world and by hard work of eight or more hours per day earns a livelihood for the family, so the child goes to school and by persevering study fits himself for efficient citizenship in the commonwealth. Both father and child have a serious duty to perform and neither should be hampered in his right to do his best.

Not too much should be expected of the child, nor should he be mentally overtaxed in this age of his growing and ripening powers; but at the same time he should have sufficient work to develop the best that there is in him. God's greatest gift to mankind is work, and for proof of this we have only to read the daily newspapers to see how many men and women go the wrong way, because they have nothing to do; how many men commit suicide or some crime against their neighbor because they are cursed with the possession of too much money and are not obliged to work for themselves and those dependent upon them. The record of history demonstrates that the child who is fed from a golden spoon has a serious handicap in the race of life, unless he is wisely educated and taught to work by thoughtful parents; while the youth who has experienced want and hardships of life and yet with indomitable will

has persevered has easily outstripped his wealthy neighbor in the worthy things of life. Service is the watchword of the day; and that child gets the most out of life who is taught to perform hard tasks and to realize that the greatest happiness is secured by making the most of his abilities, so that as a man or a woman may be of the greatest service to others.

In view of this argument every child must be taught to work. Since the business of the child is to get an education, the question now comes, how many hours per day ought he to work? It will be conceded by thoughtful people that in the first year of school life, when the child is becoming accustomed to the confinement of the school room, four hours per day is sufficient for recitation and study; that from the second grade to the sixth grade five hours per day of mental work is not too much to expect of the child; that in the sixth and the seventh grades the children being now at the ages of 11 and 12 years can safely prepare one lesson at home of a half-hour in length; that in the eighth and ninth grades at the ages of 13 and 14 years they can safely study one hour at home preparing perhaps two lessons; that in the high school, since so large a part of the school day is occupied with recitations, home study of two or three hours is an absolute necessity. Parents ought to realize that the education of the child is a serious business and they should give him an opportunity for quiet home study. For this home study the child should have a comfortable room by himself, where he may concentrate his mind upon his work without any disturbing element.

After suitable conditions for the education of the child have been arranged in the school and at home, the next consideration is that the child should be measured by the standard of his own ability. The teacher should not rank by any hard and fast standard; she should measure the strength of each and every child, hold him up to his best

effort, and rank accordingly. Every child should be promoted who has attended school regularly, put forth conscientious effort, and done the year's work to the best of his ability, even if he has not reached the fixed standard of a passing mark. Such a system has met the approval of the school committee and will be carried out by the teachers.

High School.

The number of pupils in the high school has decreased a little this fall in comparison with the record of last year, owing to the fact that Dover has opened a high school and has taken her pupils from us, and also to the fact that a very large class were graduated from the school last June and a number were lost from the undergraduates during the summer. Even with this condition the accommodations of the building are taxed to meet the present need of the classes and it has been with difficulty that the principal has arranged the program of his daily recitations, so as to have a suitable room for each class. One of the large rooms in the building is being used for a study room; in this there are no recitations, it is always quiet and is an ideal place for study. The two small rooms in the front of the building are not large enough to receive the ordinary classes of the school and can be used only for the smaller classes and the typewriting. There is every prospect that the school will increase in numbers quite rapidly during the next few years, and will be seeking additional rooms in a short time.

The program of studies has been divided into four distinct curricula and has been enriched by more complete courses in history. Each study has been placed upon the basis of five recitations per week; and while each curriculum has a definite aim, yet it is made elastic to meet the needs of many pupils. Among the pupils there is a greater tendency to fit for colleges and normal schools, and a

still larger proportion of the graduating class each year will go out from our school to these higher institutions. However, this fact is not to be forgotten that the high school is the people's college and that every boy or girl who enters its doors is entitled to receive the best education the school affords, even though he goes no farther in his education than the high school.

The teachers of this school are working very hard in the recitations to present their subjects in the clearest manner and to get the exact standing of every pupil in his work; they are also working nearly every afternoon of the school days to help those who have been absent from the school, or those that have not put sufficient time upon their studies or have found them too difficult. They intend to help all that need assistance and to advance all that will attend regularly and put forth conscientious effort. None that try shall fall by the wayside; and few shall fail because teacher, child, and parent are working together. This is the ideal.

The spirit of the great majority of the children in the school is excellent; they are gentlemanly and ladylike in their deportment; they are responsive to the hard work of the teachers; they are ready and willing to put in sufficient labor to master their studies. There are very bright prospects for the school.

It would be a very wise provision, if the pupils could be served with a lunch of plain and nourishing food at recess each day. This lunch should be served at cost in the basement of the building. The New Century club have appointed a committee to consider the proposition and to present some feasible plan to the club whereby these lunches may be served to the satisfaction of the children. I hope that the club may be able to make some suitable arrangements and that the pupils may be served with these lunches in the near future.

The school has been equipped this fall with nine new

Remington visible typewriters of the latest model. It has the necessary equipment for good commercial work and with the present enthusiasm on the part of pupils and teacher, it should graduate each year some very good bookkeepers and stenographers. I am going to ask the business men of this town to assist the capable graduates of the commercial course in getting a position next June. Let us be loyal to our own product.

Elementary Schools.

The elementary schools have a number of very faithful and efficient teachers and with proper harmony and unity of work excellent results can be secured. The reading now in all the grades is very good, and the discipline throughout the whole system is on the right basis. The muscular movement in penmanship has been adopted; in a few years every teacher in our graded schools will be a professional penman, and every pupil in the upper grades will write a good legible hand with ease and rapidity. In this change of penmanship parents must not be discouraged if the children do not write so well in the first year of practice in the new system. They will find that the finished product in the grammar grades will be worth all the effort and the discouragement of the primary grades. There is need of greater unity in the teaching of arithmetic. There appears to have been too much ground covered or rather attempted to be covered in a single grade. The consequence is that thorough reviews have not been kept up and accuracy has not been emphasized. In view of the fact that there is a lack of unity in this and some other studies of the elementary course, it has seemed wise to me to prepare with the assistance of the teachers a course of study for the grades. Teachers' meetings are held every week and each study of the elementary course is carefully considered and an outline of the work fitted to our system is prepared. This manuscript will be ready

for the printer the latter part of this school year. For the purpose of following up the record of the individual child more completely, a card catalogue system containing the record of each child is now being kept at the superintendent's office. This system has a card for each child which gives the necessary data about birth, vaccination, etc., the schools he attends, his scholarship in every study during his whole school life, his health record from year to year, his attendance in each school, and a number of other minor details. This record, if faithfully kept, will prove invaluable after a few years.

Music and Drawing.

Music in all of our schools is still being ably directed by Miss Ellen H. Bartlett, who has so successfully carried on the work in this town for a number of years. The school department has been fortunate in retaining the services of Miss Bartlett and it would do well to secure more of her time per week and have her put in some good technical courses in the high school. These courses would count towards graduation and would give additional culture to our high school education.

Miss Florence L. Bean, the drawing teacher, devotes her whole time to the Needham schools and is carrying on her work with good success. Some of her courses in the high school count one-half a point towards graduation and will satisfy some of the college entrance requirements. All of her courses are of good cultural value. Both she and Miss Bartlett are preparing outlines of their work, which will appear in the Needham course of study.

Health and Attendance of the Pupils.

This town seems to be a remarkably healthful place. In the four months that I have been a resident there have been very few cases of contagious diseases and these of a

very light character. The school physicians have watched the schools very closely and have been very efficient in preventing the spread of any contagion. There have been a few mild cases of diphtheria among the children, but these cases have been carefully quarantined, so that there has been no spread of the disease from these cases. Certain contagious diseases have given some trouble in certain families of the town, but now these cases are being cared for the district nurse under the direction of the board of health.

The attendance in the schools is excellent as a whole. The per cent. of attendance for the last school year ending in June was almost 94. The truant officers have to visit but few families. While the record of daily attendance is good, the record of tardinesses is bad. In the last school year there were 3,305 instances, five times as many as there ought to be in a school system of this size. I have asked the teachers to insist upon the children being prompt and I would respectfully request the parents to use greater effort in sending their children to school on time. Nothing is more harmful to the character of the child than contracting the habit of being constantly 'behind' time. I hope that our record in regard to tardiness may be much better for this school year.

The Need of More Rooms.

Our town has a steady and a healthy growth from year to year and is destined to double its population in a few years. The number of pupils in the public schools is constantly increasing and is outgrowing the present accommodations. There are three congested places at the present time in our graded schools, one at the Avery school in the first and the third grades. Each of these schools have about 45 children and are taxed to their seating capacity. No teacher can do her best work with so large a number of children, especially a teacher of the first grade. The com-

mittee have already relieved this condition by the employment of another teacher who will take about 15 pupils from each grade and will occupy the vacant room in the Avery primary building.

The Dwight school is congested in both classes. In the lower room under one teacher there are nearly 45 pupils in three grades, and in the upper room, under one teacher also, there are about the same number of children in five grades. It is perfectly apparent that no good work can be done under such conditions. It is not fair to the children; they should have an opportunity equal to the children of Needham and of Needham Heights. There is, then, the need of another room and another teacher. The rooms in the present building cannot be successfully divided. The rooms made by such division would be too small and poorly lighted and heated. A new building should be built for these children. However, in view of the fact that the population of this district has fluctuated to some extent in the past, it would not seem wise at this time to build a permanent school house in that locality. A portable school house can be built upon the school lot at an expense of not more than \$1,500. This building would be well heated, lighted, and ventilated, and would be a very pleasant room for the first two grades. The lower room of the Dwight school could then be used for the third, fourth, and fifth grades, and the upper room for the sixth, seventh, and eighth grades. By this arrangement the number of pupils in each room would be normal and the number of grades would not be excessive for any one teacher to care for. Good work could then be done in all the grades. If, however, in the future the number of pupils in this district should decrease and there should be only sufficient pupils for two schools, the portable school house could be moved at the expense of \$150 to some other part of the town where the school accommodations were not sufficient and supply the needed room there. In view of the above argument I would advise

that a portable school house be placed upon the Dwight school lot, as soon as the town makes the appropriation for that purpose, and that the school be opened, as soon as it can be made ready for occupancy.

The third congested place in our school system is in the first and second grades of the Kimball school. There every seat is occupied and I had to send to the Avery school for additional chairs and desks. Both rooms are overcrowded and have too many children for good work. Of course, during the winter season the number of pupils will drop off a little, but at the return of Spring the children will all come back to school and the overcrowded condition will prevent good work being done. We shall need then one more room and an additional teacher. The rooms on the third floor of the Kimball school can not be divided in two parts without changing some parts of the heating plant and the undivided room on the second floor should be kept intact for the principal's room where the class is always large. It does not seem the part of wisdom to divide any more rooms in the Kimball building on account of the expense and the poor accommodations after the division is made. The room, therefore, ought to be sought outside of the Kimball building. There is no vacant building in the vicinity of the Kimball school that seems suitable for school purposes and that would meet the requirements of the State law. The ideal solution of the difficulty would be to purchase a lot and put up a four room primary school. The ideal situation for such a building would be the lot belonging to Miss Marietta Green on Pickering street. This lot is large enough to furnish a good playground for the children besides the room for the school building. Later on, if it seemed best, a manual training school could be built upon the same lot. If the town wishes to delay the matter of building a primary school, until the need is more pressing, it could build another portable school house and get along with this for perhaps two years.

However, it would seem best to purchase the lot of Miss Green this year, while so good a location is available. In five years with our present growth a four room primary school will have to be erected. In the meantime we could get along with one or two portable school houses.

The crowded condition of the Harris school has been relieved by opening a new school; and the Eliot school has been placed on a better teaching basis by putting four teachers in that building, so that each teacher has but two grades.

Manual Training and Domestic Science.

It is best for us to perfect our present system before we make any additions and we intend to do so. In the near future, however, when our school system is doing excellent work, I hope to see both manual training and domestic science introduced into our schools.

Conclusion.

In conclusion I extend my hearty thanks to the townspeople for the cordial welcome that they gave me, to the school children for their gracious kindness to me, to the teachers for their co-operation in the advancement of the schools, and to the school committee for their excellent advice and their zealous support of every measure for the good of the schools.

Report of School Physician

FOR THE

HIGH, THE KIMBALL, THE HARRIS, AND THE
PARKER SCHOOLS.

To the School Committee of Needham:—

I herewith submit my annual report as school physician. The schools under my care have been free from any epidemic of infectious or contagious diseases during the past year. The health of the pupils has been good.

During the year 150 visits have been made to the various buildings. Pupils have been examined from time to time as occasion required and in several instances sent home as being too ill to remain in school.

Attention has been given to the seating of the pupils and to the ventilation in the different rooms. The toilet arrangements have received frequent and careful inspection.

The certificates of vaccination of pupils coming from out-of-town schools have been verified; in several instances a certificate of successful vaccination was furnished by the pupil but no evidence of successful vaccination was found; and in a few instances the pupil said that he had been vaccinated but it did not take.

Soon after the opening of the Fall term a physical examination as required by law was made of every pupil in my

schools. The tabulated results of the examinations for the year are as follows:

Number of visits	150
Number of children examined	456
Defective Sight	0
Defective Hearing	0
Defective Teeth	125
Adnoids and Enlarged Tonsils	74
Tonsilitis	1
Measles	0
Whooping Cough	0
Chicken Pox	0
Mumps	0
Scarlet Fever	0
Diphtheria	0
Malaria	0
Tuberculosis of Lungs	0
Influenza	0
Skin disease	4
Pulmonary disease	4
Cardiac disease	4
Nervous disease	1

Respectfully submitted,

ALBERT M. MILLER, M. D.

Report of the School Physician

FOR THE

AVERY, THE ELIOT, AND THE DWIGHT
SCHOOLS.

To the School Committee of Needham:—

I herewith submit to you my annual report as school physician. The following table gives a report of my work and of the number of cases of each disease:

Each school visited, times	59
Number of physical examinations	401
Number of office examinations	65
Number of free vaccinations	7
Defective sight	21
Defective hearing	5
Defective teeth	120
Adenoids	50
Enlarged tonsils	50
Tonsilitis	2
Measles	1
Whooping cough	11
Chicken pox	9
Mumps	0
Scarlet fever	0
Diphtheria	1
Malaria	66
Tuberculosis of lungs	1

Influenza	19
Skin disease	1
Pulmonary disease	2
Cardiac disease	3
Nervous disease	2
Scabies	0
Pediculosis	14
Injuries	1
Coryza	45

In every case where epidemic disease was found the pupils were required to stay at home until all possible danger of infection was removed. Where physical defects were observed, notice was sent to the parents and I think they have generally endeavored to have these defects remedied where it was possible. The minor causes of absence from school were about equally divided between stomach trouble, headache, colds, minor injuries, bilious trouble, toothache, and asthma.

Respectfully submitted,

WILLIAM MITCHELL, M. D.

System of Marking and Promotion

The following system of marking and promotion was adopted by the school committee at their regular meeting December 16, 1911.

The rank of all pupils in the public schools shall be kept by the teachers according to the following system: A mark of "S+" shall be given for an average mark in recitations and examinations of 90-100 per cent., a mark of "S" or satisfactory for an average mark of 85-90 per cent., a mark of "S—" for an average mark of 80-85 per cent., a mark of "P+" for an average mark of 75-80 per cent., a mark of "P" or passable for an average mark of 70-75 per cent., a mark of "U" or unsatisfactory for an average mark less than 70 per cent, except that a mark of "F" or faithful shall be given for an average mark of less than 70 per cent. when the pupil has shown conscientious effort and is worthy of advancement for faithfulness. The markings in the high school will be kept in per cent. by the teacher for the sake of determining the honors at graduation, but the marks will be entered upon the cards in letters.

Pupils of the high school fitting for college will be entitled to receive a college entrance certificate in all subjects in which their mark is "S" or above. All pupils in the public schools will be promoted when the marks in their studies average "P", or above; in the high school subjects marked below "P", except when they are marked "F" will have to be made up. A pupil marked "F" in his studies will be

promoted, unless the teacher finds by careful study of the child that he is very slow of development and needs two years' time to do one year's work. The mark of "U" should be given for cases of absence and for unsatisfactory work when present. However, if the child is present, he should be required to do his work to the best of his ability, and the teacher should co-operate with the parent to secure this result. A pupil with an average mark of "U" can not be promoted.

CLASS ODE

Now stand together, classmates,
 School days for us are fleeting,
 But ere we part, remember,
 We pledge, now, love's last meeting.
 Our hearts, which beat so loyal,
 Ne'er will let memories pass
 Of hours of toil and pleasure
 We spent with our dear class.

And as the years move onward
 May others come, and knowing
 Needham, their alma mater,
 Still love her in their going.
 Faithful in every effort,
 They'll constant be and true;
 Vict'ry will crown their striving,
 And Heaven will bless them, too.

Then give a cheer to honor
 Foremost the name of Needham.
 Trials may cloud the future,—
 Her counsels let us heed them.
 Farewell to school and teachers;
 May blessings rich be given,
 With love and homage ever,
 From the class of nineteen 'leven.
